

# Coatesville VA Medical Center HVAC System Replacement

**RLS Construction Group** was selected by the Coatesville VA Medical Center to replace the TB Unit HVAC system, in Building #1 at the Coatesville VA Medical Center campus. The work includes preparation of the site, as well as demolition and removal of the structures associated with the existing system. **RLS** was able to provide a smooth transition to the newly updated system with minimal disruption to the patients and staff at this busy medical campus.

Location:  
**Coatesville, PA**

Client:  
**Department of  
Veterans Affairs**

Cost:  
**\$287,000**

Completion Date:  
**April 2014**

**RLS**
