

James E VanZandt VA Medical Center 6th Floor Nurse Call System

RLS Construction Group was selected to upgrade the 6th Floor Nurse Call System at the James E VanZandt VA Medical Center in Altoona, PA. The project included purchase, installation and testing of the software system upgrades; configuration of the resident room lights; purchase, installation and testing of four (4) LED zone lights in the main corridor to indicate the location of an alarm; and purchase, installation and testing of two (2) annunciators in the main corridor. All the work was coordinated with the nursing staff to ensure that patient care was continuous and that the day-to-day operations of the area were not disrupted.

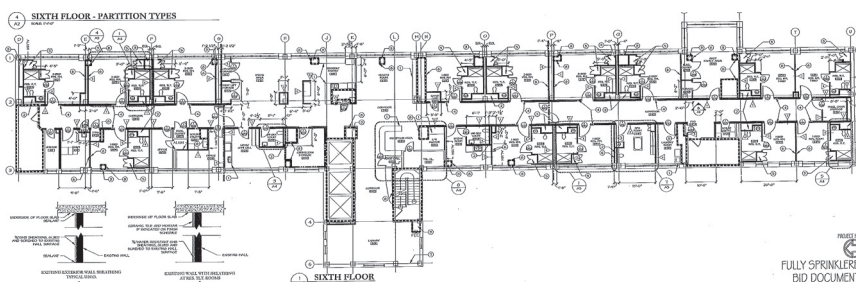

Location:
Altoona, PA

Client:
**Department of
Veterans Affairs**

Cost:
\$27,400

Completion Date:
