

Wilkes Barre VA Medical Center Coffee Shop

RLS Construction Group was selected by the Wilkes-Barre VA Medical Center to renovate an existing space to accommodate a Starbucks coffee shop. ByDesign Consultants worked as part of the **RLS** team to provide the required design elements and stylistic finishes for the brand. The addition of the coffee shop enhances the day-to-day operations of the VA facility. Key elements of the project included counter seating and installation of kitchen cabinets, solid surface counter-tops, sink, electrical power for the coffee equipment, as well, as improvements to the energy efficiency of the space. **RLS** provided all phases of project management for this highly visible project on this busy VA Medical Center campus.

Location:
Wilkes Barre, PA
