Project # 642-23-118
Repairs Due to Flood Damage Incurred 05/06/2023**

Background Information:

On May 6, 2023 there was a pipe burst in room B401 that resulted in a deluge of water that damaged 4 Floors of the Corporal Michael J. Crescenz VA Medical Center. The damage and repairs that are required have been outlined in this general scope of work statement along with multiple attachments in the form of matrices, phasing drawings and CSI Specifications.

Location of Work

Corporal Michael J. Crescenz VA Medical Center
3900 Woodland Avenue
Philadelphia, PA 19104
Building 1, First Floor
Building 1, Second Floor
Building 1, Third Floor
Building 1, Fourth Floor

Period of Performance

The period of performance for this project is 396 Calendar days.

General Scope of Work

1. The awarded Contractor will supply all necessary tools, labor, equipment, materials, and supervision required to repair all flood damage done to the Philadelphia Michael J. Crescenz VA Medical Center, as defined by matrices, drawings and specifications as issued.
2. Phasing
 - 2.1. Each floor has a Phasing Drawing and subsequent phasing plan. The Phasing Drawing illustrates the agreed upon Phasing Plan as agreed upon between Facilities Management and the Executive Leadership of the CMCVAMC.
 - 2.2. Each floor will be worked on as outlined in the phasing plan.
 - 2.3. Permission to work out of sequence will need to be agreed upon in writing prior to the commencement of any such out of sequence work. This written permission shall be routed through the COR and Facilities Chief Engineer and signed by the Contracting Officer
 - 2.4. See Exhibit B for detailed phasing plan.
3. ICRA Protection will be required for all phases outlined.
 - 3.1. ICRA Protection will all be level 4 and will be outlined on the phasing drawings.
 - 3.2. The COR and the Infection Control will inspect and accept the ICRA barriers once the contractor's Superintendent alerts all that the barriers are ready for inspection.
 - 3.3. No construction work will be allowed to commence until after the ICRA barriers have been inspected and accepted by the Industrial Hygienist as well as the Project COR.
4. Demolition and Removal of Materials.

- 4.1. The demolition and removal of materials may commence once the ICRA barriers are inspected and accepted.
 - 4.2. The demolition of existing finishes to be removed has been outlined and defined by room in Exhibit A.
 - 4.3. Materials to be salvaged and turned over to the VA have been identified in Exhibit A.
 - 4.4. No large dumpsters will be permitted on site. Tommy Carts or equivalent will be used and will be coordinated with the project COR.
 - 4.5. A waste management plan is required and all waste removal must be documented in a monthly report that will be issued to the COR. There is a specification section provided in the attachments that addresses this issue in detail.
5. Asbestos and Mold
- 5.1. We are aware that there is asbestos and areas identified in Exhibit A with asbestos will need to be abated, see attached specification for details.
 - 5.2. There are also areas where there is mold identified in Exhibit A and those areas will need to be abated.
 - 5.3. If additional asbestos or mold is discovered during the course of this project, the COR is to be notified immediately so that proper contractual steps can be taken.
6. Restoration of Finishes
- 6.1. Each area (Rooms, Corridors and Stairways) required to be restored have been identified in Exhibit A.
 - 6.2. The required restoration tasks for each room are also outlined in the matrix. The most impacted surfaces are ceilings, walls and some insulation and floors.
 - 6.3. Floor plans drawn to scale showing all rooms included in Exhibit A have been provided.
 - 6.4. Specifications for all finishes required as outlined in Exhibit A have been provided.
 - 6.5. Items to be provided by the VA and installed by the contractor have been identified in Exhibit A.
 - 6.6. There are areas where furniture will be required to be removed and re-installed. These areas have been identified in Exhibit A and this scope is covered in the next section.
7. Furniture Removal, Storage & Reinstallation
- 7.1. A fully certified modular/ systems furniture installer must be utilized for all furniture removal & reinstallation.

A.1 - CALCULATION WORKSHEET FOR SELF-PERFORMED AND SUBCONTRACTED WORK

CALCULATION OF SELF-PERFORMED/SUBCONTRACTED WORK

Offerors for General Construction (NAICS code 236220) must provide at least 15 percent (25% for specialty trade NAICS codes) of the cost of the contract performance incurred for personnel will be spent on the concern's employees or the employees of other eligible service-disabled veteran-owned small business concerns. Provide a breakdown of material and personnel costs, by specification division listed for the project. Home Office overhead, profit/fee and bond costs shall be added after a subtotal of personnel and material/Equipment costs has been calculated. Clearly identify the personnel costs you will be performing, and the personnel costs of other eligible Service- Disabled Veteran-Owned small business concerns. Below is a suggested format:

Specification Division	SDVOB Vendor (Y or N)	Personnel Cost	Material/Equipment Costs
Division 01		\$	\$
Division 02		\$	\$
Division 03		\$	\$
(Add additional lines as necessary for each Division applicable to this project)		\$	\$
		\$	\$
		Sub Total (Personnel Costs, Material/Equipment Costs)	\$
		Profit	\$
		Home Office Overhead	\$
		Bond	\$
		Grand Total	\$

Calculation of self-performed personnel costs:

1. Total personnel costs * both prime and all subcontractors: \$ _____
2. Subtract all subcontractor personnel costs* that are not SDVOSB
companies that will perform work on this contract: \$ _____
3. Remainder is 'Total amount of work to be self-performed under the
Contract': \$ _____
4. Self-performed work = Line 3/Line 1 x 100 = _____ %

*personnel costs include labors, mechanics, other tradesmen, and office personnel directly charged to the project (includes project manager, job superintendent, administrative, estimators, etc.)

I certify the above representations are true and correct to the best of my knowledge.

A2 - CONTRACTOR CERTIFICATION REGARDING SAFETY AND ENVIRONMENTAL

Contractor Certification Regarding Project: Flood Repairs

Safety or Environmental Violations and Experience Modification Rate

All Bidders/Offerors shall submit the following information pertaining to their past Safety and Environmental record. The information shall contain, at a minimum, a certification that the bidder/offeror has no more than three (3) serious, or one (1) repeat or one (1) willful OSHA or any EPA violation(s) in the past three years.

All Bidders/Offerors shall submit information regarding their current Experience Modification Rate (EMR) equal to or less than 1.0. This information shall be obtained from the bidder's/offeror's insurance company and be furnished on the insurance carrier's letterhead.

Self-insured contractors or other contractors that cannot provide their EMR rating on insurance letterhead must obtain a rating from the National Council on Compensation Insurance, Inc. (NCCI) by completing/submitting form ERM-6 and providing the rating on letterhead from NCCI. Note: Self-insured contractors or other contractors that cannot provide EMR rating on insurance letterhead from the states or territories of CA, DE, MI, NJ, ND, OH, PA, WA, WY, and PR shall obtain their EMR rating from their state run worker's compensation insurance rating bureau.

A *Determination of Responsibility* will be accomplished for the apparent awardee prior to processing the award. The above information, along with other information obtained from Government systems, such as the OSHA and EPA online inspection history databases will be used to make the *Determination of Responsibility*. Failure to affirm being within the guidelines above may result in a determination of "Non-Responsibility" for the bidder/offeror. Failure to submit this information may result in a determination of "Non-Responsive" for the bidder/offeror.

NOTE: Any information received by the Government that would cause for a negative *Determination of Responsibility* may make the bidder/offeror ineligible for award.

This requirement is applicable to all subcontracting tiers, and prospective prime contractors are responsible for determining the responsibility of their prospective subcontractors.

	2020	2021	2022
Number of serious, willful, or repeat violations from OSHA within the last 3 years. Please attach explanation for any violations. (Four serious, one repeat, or one willful disqualifies the contractor.)

GENERAL CONDITIONS

4.1 VAAR 852.219-75 VA NOTICE OF LIMITATIONS ON SUBCONTRACTING—CERTIFICATE OF COMPLIANCE FOR SERVICES AND CONSTRUCTION (NOV 2022)

(a) Pursuant to 38 U.S.C. 8127(k)(2), the offeror certifies that—

(1) If awarded a contract (see FAR 2.101 definition), it will comply with the limitations on subcontracting requirement as provided in the solicitation and the resultant contract, as follows:

(i) *Services*. In the case of a contract for services (except construction), the contractor will not pay more than 50% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs as set forth in 852.219–73 or VOSBs as set forth in 852.219–74. Any work that a similarly situated VIP-listed subcontractor further subcontracts will count towards the 50% subcontract amount that cannot be exceeded. Other direct costs may be excluded to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service as set forth in 13 CFR 125.6.

(ii) *General construction*. In the case of a contract for general construction, the contractor will not pay more than 85% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs as set forth in 852.219–73 or VOSBs as set forth in 852.219–74. Any work that a similarly situated VIP-listed subcontractor further subcontracts will count towards the 85% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(iii) *Special trade construction contractors*. In the case of a contract for special trade contractors, the contractor will not pay more than 75% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs as set forth in 852.219–73 or VOSBs as set forth in 852.219–74. Any work that a similarly situated subcontractor further subcontracts will count towards the 75% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(2) The offeror acknowledges that this certification concerns a matter within the jurisdiction of an Agency of the United States. The offeror further acknowledges that this certification is subject to Title 18, United States Code, Section 1001, and, as such, a false, fictitious, or fraudulent certification may render the offeror subject to criminal, civil, or administrative penalties, including prosecution.

(3) If VA determines that an SDVOSB/ VOSB awarded a contract pursuant to 38 U.S.C. 8127 did not act in good faith, such SDVOSB/VOSB shall be subject to any or all of the following:

- (i) Referral to the VA Suspension and Debarment Committee;
- (ii) A fine under section 16(g)(1) of the Small Business Act (15 U.S.C. 645(g)(1)); and
- (iii) Prosecution for violating section 1001 of title 18.

(b) The offeror represents and understands that by submission of its offer and award of a contract it may be required to provide copies of documents or records to VA that VA may review to determine whether the offeror complied with the limitations on subcontracting requirement specified in the contract. Contracting officers may, at their discretion, require the contractor to demonstrate its compliance with the limitations on subcontracting at any time during performance and upon completion of a contract if the information regarding such compliance is not already available to the contracting officer. Evidence of compliance includes, but is not limited to, invoices, copies of subcontracts, or a list of the value of tasks performed.

(c) The offeror further agrees to cooperate fully and make available any documents or records as may be required to enable VA to determine compliance with the limitations on subcontracting requirement. The offeror understands that failure to provide documents as requested by VA may result in remedial action as the Government deems appropriate.

(d) Offeror completed certification/fill-in required. The formal certification must be completed, signed and returned with the offeror's bid, quotation, or proposal. The Government will not consider offers for award from offerors that do not provide the certification, and all such responses will be deemed ineligible for evaluation and award.

Certification

I hereby certify that if awarded the contract, [insert name of offeror] will comply with the limitations on subcontracting specified in this clause and in the resultant contract. I further certify that I am authorized to execute this certification on behalf of [insert name of offeror].

4.2 VAAR 852.242-70 GOVERNMENT CONSTRUCTION CONTRACT ADMINISTRATION (OCT 2020)

(a) Contract administration functions set forth in FAR 42.302 are hereby delegated to:

William Robbins

Department of Veterans Affairs
Network Contracting Office 4
VA Medical Center
3900 Woodland Avenue
Philadelphia, PA 19104

(b) The following functions will be retained by the Contracting Officer or Administrative Contracting Officer (ACO) and are not redelegable to Resident Engineers:

(1) Award of contract modifications either through supplemental agreements or change orders that exceed the ACO's appointed warrant limitations.

(2) Issuance of default letters.

(3) Issuance of Cure or Show-Cause Notices.

(4) Suspension of work letters and/or modifications.

(5) Issuance of Contracting Officer final determination letters.

(6) Issuance of termination notices.

(7) Authorization of final payment.

(c) The work will be under the direction of a Department of Veterans Affairs Contracting Officer, who may designate another VA employee to act as resident engineer at the construction site who possesses limited warranted authority.

(d) Except as provided below, the resident engineer's directions will not conflict with or change contract requirements. Within the limits of any specific authority delegated by the Contracting Officer, the resident engineer may, by written direction, make changes in the work. The Contractor shall be advised of the extent of such authority prior to execution of any work under the contract.

(e) The Contracting Officer or an Administrative Contracting Officer identified in paragraph (a) may further delegate limited authority and specialized support services responsibilities below to the following warranted Resident Engineer personnel on site, not to exceed the dollar value and threshold of their warrant:

N/A

(1) Conduct post-award orientation conferences.

(2) Issue administrative changes (see FAR 43.101) correcting errors or omissions, contractor address, facility or activity code, remittance address, computations which do not require additional contract funds, and other such changes.

(3) For actions not to exceed \$0.00 negotiate and execute supplemental agreements resulting from change orders issued under the Changes clause.

(4) Negotiate and execute supplemental agreements changing contract delivery schedules where the time extension does not exceed 0 calendar days.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the

cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that

no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is

based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
