Performance Period: Commence work after the Notice to Proceed is issued and must complete the entire work ready for use, including all submittals, within 150 calendar days after receipt of Notice to Proceed.

WORKING HOURS: The work is to be performed during the regular working hours which consist of an 8-1/2 hour period established by the Contracting Officer, Monday through Friday, from 7:00am to 3:30pm (including clean-up), excluding Government holidays. Work required to be conducted outside of regular working hours requires prior Contracting Officer approval.

Preconstruction Meeting and Initial Submittals: A pre-construction meeting will be scheduled no later than twenty-one (21) days after the Notice to Proceed is issued. The Contractor must provide all Pre-Construction submittal items indicated as "SD-01 Pre-Construction Submittals" in Section 01 33 00 of the Technical Specifications and on the Submittal Register (Form 4288) for this Section. All submittals not delivered to the Pre-Con Meeting must be shown in the Form 4288 with scheduled dates of delivery. Exceptions to this Submittal delivery requirement may be granted for Shop Drawings that have a long lead-time, e.g., mechanical system, structural, sprinkler etc. Submittals for all specific definable features of work must be received and approved before any work shall commence. All manufacturer installation instruction manuals must be included in the initial submittal package as well as in the close out O&Ms.

*Special Note regarding submission of Pre-Construction Submittals:

- a) The Contractor must provide the COR with written documentation of the Construction Progress Schedule that will be adhered to ensure that all Pre-Construction Submittals not provided during the Pre-Construction Meeting are submitted in a timely fashion.
- b) The Construction Progress Schedule must include activities and durations for submittal review (14/21 calendar day review time allotted by the spec), utility interruption requests, progress/coordination meetings, etc., as well as all definable features of work.
- c) If the Construction Progress Schedule is revised so must the submittal register 01 33 00, paragraph 1.9.

Final Submittals: Contractor must provide all items on the submittal register, within **the awarded contract performance period** and prior to Final Payment:

- 1. Copy of Final/Completed Submittal Register documenting all submittal requirements/line items have been submitted, addressed and accepted the government.
- 2. Copy of Punch-Out Inspection findings.
- 3. Copy Pre-Final Inspection findings.
- 4. Copy of Final Acceptance Inspection findings.

Note: Final payment will not be processed until the items above have been submitted and approved by the government's Project Manager.

PERFORMANCE AND PAYMENT BONDS: Task Orders issued under this contract for more than \$35,000 but less than \$150,000 are subject to the requirement for alternative payment protections in accordance with FAR 52.228-13 ALTERNATIVE PAYMENT PROTECTIONS (JUL 2000). FAR 52.228-15 PERFORMANCE AND PAYMENT BONDS – CONSTRUCTION (OCT 2010) applies to all Task Orders issued in excess of \$150,000. Within 10 days after the award of a task order in excess of \$150,000.00, the Contractor shall furnish a performance and payment bond to the Contracting Officer, each with good and sufficient sureties acceptable to the Government. For task orders awarded in excess of \$35,000.00 but less than \$150,000.00, the Contractor must furnish either a payment bond or an irrevocable letter of credit (ILC).
