INFORMATION REGARDING BIDDING MATERIAL, BID GUARANTEE AND BONDS

- (a) Solicitation materials consisting of drawings, specifications and contract forms will **ONLY** be provided to (prime) MATOC contractors that have a Multiple Award Task Order Contracts (MATOC) for the Altoona and Lebanon VA Medical Centers. Request for Proposal number 36C24425R0032 will contain plans, specifications, and amendments.
- (b) A Bond is required for this solicitation. A proposal guarantee is required in an amount not less than **20 percent** of the bid price but shall not exceed \$3,000,000.00. Bond is to be executed on a SF 24. Failure to furnish the required bid guarantee in the proper form and amount, by the time set for the opening of bids, will require rejection of the bid in all cases except those listed in FAR 28.101-4, and may be cause for rejection even then.
- (c) The offeror to whom award is made will be required to furnish two (2) bonds, a **Payment Bond** to be executed on the SF 25A and a **Performance Bond** to be executed on the proper SF 25, each in the penal sum as noted in the General Conditions of the Specification. Copies of the SF 25 and SF 25A can be obtained upon application to the issuing office.
- (d) **Disclosure of the magnitude of construction:** Between \$100,000.00 and \$250,000.00

This project is being solicited **ONLY to MATOC Contractors** that have a Multiple Award Task Order Contract (MATOC) for the Altoona and Lebanon VA Medical Centers.

This request for Proposals will result in a stand-alone task order that will incorporate all terms and conditions from the MATOC base contract.

All work to be performed at the Lebanon VA Medical Center located at:
1700 S. Lincoln Ave
Lebanon, PA 17042

NOTICE TO OFFERORS:

We understand most asphalt plants are closed or have limited operation this time of year. Please ensure your pricing and schedule reflects a March or April start date.

INSTRUCTIONS, CONDITIONS AND OTHER STATEMENTS TO BIDDERS/OFFERORS

1. PROPOSAL DUE DATE AND PRE-PROPOSAL CONFERENCE:

- (a) Pricing shall be submitted utilizing the Price Schedule, Continuation of SF 1442. Offerors are urged to type or print pricing legibly.
- (b) A formal site visit is scheduled for **12/04/2024 at 10:00 AM EST** at the Lebanon VA Medical Center. Contractors should meet near the entrance off Lincoln Avenue (Location indicated on attachment)

Lebanon VA Medical Center
1700 S. Lincoln Ave
Lebanon, PA 17042

Contractors are **highly encouraged** to attend the pre-proposal conference / Site Visit. Contractors are responsible for accurate proposals regarding all trades of the construction project.

- (c) Proposals are to be submitted by electronic submission, via email to:

Amanda.Murphy5@va.gov

Subject line should read “Proposal No. 36C24425R0032 Repave Lincoln Drive Entryway”

- (d) **Proposal Due Date:** December 17th, 2024 at 4:00 P.M. EST
- (e) No public opening will occur for an RFP solicitation.

2. FORMAL COMMUNICATION, OFFEROR EXPLANATIONS:

a. Any explanation desired by an offeror regarding the meaning or interpretation of the solicitation, proposals, drawings, specifications, etc. must be requested in writing and with sufficient time allowed for a reply to reach offerors before the submission of their offer.

b. **Technical Questions:** Questions of a technical nature must be provided in writing and shall be submitted by prospective Offerors to the contract specialist via email at Amanda.Murphy5@va.gov. The subject line must read: **Solicitation 36C24425R0032 - Technical Questions**. Oral questions of a technical nature are not acceptable due to the possibility of misunderstanding or misinterpretation. Furthermore, only questions received from Prime/General contractors will be replied to. All questions must be received no later than **12/10/2024 at 4:00 PM**. No telephone request will be honored. Any questions received after this time will NOT be considered and a response will NOT be given.

c. Receipt of amendments by the offeror must be acknowledged in the space provided on the SF 1442 or by returning a signed copy of the amendment by the time set for receipt of proposals. Explanations or instructions given in a form other than an amendment to the solicitation shall not be binding.

3. PROPOSAL ACCEPTABILITY: Offerors are cautioned to strictly comply with all instructions within this solicitation to ensure submission of a complete proposal. Failure to furnish a complete

proposal, at the time of proposal submission, may result in the proposal being unacceptable to the Government and eliminated from consideration for award. The offeror is hereby advised that its proposal is presumed to represent its best and final offer in response to this solicitation.

4. SAFETY AND EXPERIENCE MODIFICATION RATE: All Offeror's shall submit the following information pertaining to their past Safety and Environmental record. The information shall contain, at a minimum, a certification that the offeror has no more than three (3) serious, or one (1) repeat or one (1) willful OSHA or any EPA violation(s) in the past three years.

5. CLARIFICATIONS: Offeror may, at the discretion of the Government, be asked to provide information for clarification purposes regarding their proposal. Request for such clarification information DOES NOT constitute discussions.

6. ENFORCEABILITY OF PROPOSAL:

a. The proposal must set forth full, accurate and complete information as required by this solicitation. The Government will rely on such information in the award of a contract. By submission of the offer, the Offeror agrees that all items proposed (if applicable e.g., key personnel, subcontractors, plans, etc.) will be utilized for the duration of the contract and any substitutions will require prior Contracting Officer's approval.

b. The offeror shall be held responsible for the validity of all information supplied in his/her proposal, including that provided by potential subcontractors. Should subsequent investigation disclose that the fact and conditions were not as stated, the proposal may be rejected.

c. The Government reserves the right to reject any or all proposals at any time prior to award if such action is in the Government's best interest.

d. Service-Disabled Veteran Owned Businesses (SDVOSB) will be checked for eligibility through the applicable Small Business Administration (SBA) database. Offerors must be in the SBA database at time of proposal due date.

7. DETERMINATION OF RESPONSIBILITY: A Determination of Responsibility will be accomplished for the apparent awardee prior to processing the award. The above information, along with other information obtained from Government systems, such as the OSHA and EPA online inspection history databases will be used to make the Determination of Responsibility. Failure to affirm being within the guidelines above may result in a determination of "Non-Responsibility" for the offeror. Failure to submit this information may result in a determination of "Non-Responsive" for the offeror. NOTE: Any information received by the Government that would cause for a negative Determination of Responsibility may make the offeror ineligible for award.

Failure to furnish the required information above will be considered as Non-Responsive and will be cause for rejection and made ineligible for award.

8. PROPOSAL EVALUATION: Proposals will be evaluated for lowest price to the government and award will be made to the lowest offeror whose proposal is in conformance of this solicitation and is deemed fair and reasonable.

2.1 52.216-1 TYPE OF CONTRACT (APR 1984)

The Government contemplates award of a Firm-Fixed-Price, Requirements contract resulting from this solicitation.

(End of Provision)

2.2 52.222-5 CONSTRUCTION WAGE RATE REQUIREMENTS— SECONDARY SITE OF THE WORK (MAY 2014)

(a)(1) The offeror shall notify the Government if the offeror intends to perform work at any secondary site of the work, as defined in paragraph (a)(1)(ii) of the FAR clause at 52.222-6, Construction Wage Rate Requirements, of this solicitation.

(2) If the offeror is unsure if a planned work site satisfies the criteria for a secondary site of the work, the offeror shall request a determination from the Contracting Officer.

(b)(1) If the wage determination provided by the Government for work at the primary site of the work is not applicable to the secondary site of the work, the offeror shall request a wage determination from the Contracting Officer.

(2) The due date for receipt of offers will not be extended as a result of an offeror's request for a wage determination for a secondary site of the work.

(End of Provision)

2.3 52.225-10 NOTICE OF BUY AMERICAN REQUIREMENT— CONSTRUCTION MATERIALS (MAY 2014)

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American—Construction Materials" (Federal Acquisition Regulation (FAR) clause 52.225-9).

(b) *Requests for determinations of inapplicability.* An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) Evaluation of offers.

(1) The Government will evaluate an offer requesting exception to the requirements of the Buy American statute, based on claimed unreasonable cost of domestic construction material, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(3)(i) of the clause at FAR 52.225-9.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) Alternate offers.

(1) When an offer includes foreign solicitation in paragraph (b)(2) of the clause at FAR 52.225-9, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of the clause at FAR 52.225-9 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR 52.225-9 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested—

- (i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or
- (ii) May be accepted if revised during negotiations.

(End of Provision)

2.4 52.228-1 BID GUARANTEE (SEP 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, e.g., bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds—

(1) To unsuccessful bidders as soon as practicable after the opening of bids; and

(2) To the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.

(c) The amount of the bid guarantee shall be 20 percent of the bid price or \$3,000,000.00, whichever is less.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of Provision)

2.5 52.236-27 SITE VISIT (CONSTRUCTION) (FEB 1995) ALTERNATE I (FEB 1995)

(a) The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, offerors or quoters are urged and expected to inspect the site where the work will be performed.

(b) An organized site visit has been scheduled for—

12/04/2024 at 10:00 AM

(c) Participants will meet at—

1700 S. Lincoln Ave., Lebanon PA 17042 (SEE ATTACHMENT)

(End of Provision)

GENERAL CONDITIONS

4.1 52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall be required to (a) commence work under this contract within 10 calendar days after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than 14 days after receipt of notice to proceed. The time stated for completion shall include final cleanup of the premises.

(End of Clause)

4.2 52.225-9 BUY AMERICAN—CONSTRUCTION MATERIALS (OCT 2022)

(a) *Definitions.* As used in this clause—

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” at Federal Acquisition Regulation (FAR) 2.101;

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Component means any article, material, or supply incorporated directly into construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

Domestic construction material means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of “cost of components”.

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings,

except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference.

(1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. (See FAR 12.505(a)(2)). The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

None

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that—

(i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components.*

(1) The cost of a particular domestic construction material subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that is manufactured in the United States and does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that exceeds 55 percent domestic content as a domestic

offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A)(1) of this clause.

(3) The procedures in paragraph (b)(3)(i)(A)(2) of this clause will no longer apply as of January 1, 2030.

(B) *For domestic construction material that is a critical item or contains critical components.*

(1) The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest foreign offer of construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(B)(1) of this clause.

(3) The procedures in paragraph (b)(3)(i)(B)(2) of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute.

(1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including—

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC CONSTRUCTION MATERIALS PRICE COMPARISON

Construction Material Description	Unit of Measure	Quantity	Price (Dollars)*
Item 1:			
Foreign Construction Material.			
Domestic Construction Material.			
Item 2:			
Foreign Construction Material.			
Domestic Construction Material.			

[*Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).]

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

4.4 VAAR 852.219-73 VA NOTICE OF TOTAL SET-ASIDE FOR CERTIFIED SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESSES (JAN 2023) (DEVIATION)

(a) *Definition.* for the Department of Veterans Affairs, “*Service-disabled Veteran-owned small business concern or SDVOSB*”:

(1) Means a small business concern—

(i) Not less than 51 percent of which is owned by one or more service-disabled Veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled Veterans or eligible surviving spouses (see VAAR 802.201, Surviving Spouse definition);

(ii) The management and daily business operations of which are controlled by one or more service-disabled Veterans (or eligible surviving spouses) or, in the case of a service-disabled Veteran with permanent and severe disability, the spouse or permanent caregiver of such Veteran;

(iii) The business meets Federal small business size standards for the applicable North American Industry Classification System (NAICS) code identified in the solicitation document;

(iv) The business has been certified for ownership and control pursuant to 38 U.S.C. 8127, 13 CFR 128, and is listed as certified in the SBA certification database at <https://veterans.certify.sba.gov/>; and

(v) The business agrees to comply with VAAR subpart 819.70 and Small Business Administration (SBA) regulations regarding small business size, government contracting, and the Veteran Small Business Certification Program at 13 CFR parts 121, 125, and 128.

(2) The term “Service-disabled Veteran” means a Veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

(3) The term “small business concern” has the meaning given that term under section 3 of the Small Business Act (15 U.S.C. 632).

(4) The term “small business concern owned and controlled by Veterans with service-connected disabilities” has the meaning given the term “*small business concern owned and controlled by service-disabled veterans*” under section 3(q)(2) of the Small Business Act (15 U.S.C. 632(q)(2)).

(5) The term “*SDVOSB participant*” or *certified SDVOSB* means a small business that has been certified in the SBA Veteran Small Business Certification Program and listed in the SBA certification database (see 13 CFR 128.102).

(b) *General.* In order for a concern to submit an offer and be eligible for the award of an SDVOSB set-aside or sole source contract, the concern must qualify as a small business concern under the size standard corresponding to the NAICS code assigned to the contract and be listed as an SDVOSB participant in the SBA certification database as set forth in 13 CFR 128.

(1) Offers received from entities that are not certified SDVOSBs and listed in the SBA certification database at the time of offer shall not be considered.

(2) Any award resulting from this solicitation shall be made to a certified SDVOSB listed in the SBA certification database who is eligible at the time of submission of offer(s) and at the time of award.

(3) The requirements in this clause apply to any contract, order or subcontract where the firm receives a benefit or preference from its designation as an SDVOSB, including set-asides, sole source awards, and evaluation preferences.

(c) *Representation.* Pursuant to 38 U.S.C. 8127(e), only certified SDVOSBs listed in the SBA certification database are considered eligible to receive award of a resulting contract. By submitting an offer, the prospective contractor represents that it is an eligible and certified SDVOSB as defined in this clause, 13 CFR 121, 125, and 128, and VAAR subpart 819.70.

(d) *Agreement/LOS certification.* When awarded a contract action, including orders under multipleaward contracts, an SDVOSB agrees that in the performance of the contract, the SDVOSB shall comply with requirements in VAAR subpart 819.70 and SBA regulations on small business size, and government contracting programs at 13 CFR part 121 and part 125, including the non-manufacturer rule and limitations on subcontracting (LOS) requirements in 13 CFR 121.406(b) and 13 CFR 125.6. For the purpose of limitations on subcontracting, only certified SDVOSBs listed in the SBA certification database (including independent contractors) shall be considered eligible and/or “similarly situated” (i.e., a firm that has the same small business program status as the prime contractor). An otherwise eligible firm further agrees to comply with the required LOS certification requirements in this solicitation (see 852.219–75 or 852.219–76 as applicable). These requirements are summarized as follows:

(1) *Services.* In the case of a contract for services (except construction), the SDVOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance to firms that are not certified SDVOSBs listed in the SBA certification

database (excluding direct costs to the extent they are not the principal purpose of the acquisition and the SDVOSB/ VOSB does not provide the service, such as airline travel, cloud computing services, or mass media purchases). When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract.

(2) *Supplies/products.*

(i) In the case of a contract for supplies or products (other than from a non-manufacturer of such supplies), the SDVOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are not certified SDVOSBs listed in the SBA certification database. When a contract includes both supply and services, the 50 percent limitation shall apply only to the supply portion of the contract.

(ii) In the case of a contract for supplies from a non-manufacturer, the SDVOSB prime contractor will supply the product of a domestic small business manufacturer or processor, unless a waiver as described in 13 CFR 121.406(b)(5) has been granted. Refer to 13 CFR 125.6(a)(2)(ii) for guidance pertaining to multiple item procurements.

(3) *General construction.* In the case of a contract for general construction, the SDVOSB prime contractor will not pay more than 85% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are not certified SDVOSBs listed in the SBA certification database.

(4) *Special trade construction contractors.* In the case of a contract for special trade contractors, no more than 75% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, may be paid to firms that are not certified SDVOSBs listed in the SBA certification database.

(5) *Subcontracting.* An SDVOSB subcontractor must meet the NAICS size standard assigned by the prime contractor and be certified and listed in the SBA certification database to count as similarly situated. Any work that a first tier SDVOSB subcontractor further subcontracts will count towards the percent of subcontract amount that cannot be exceeded. For supply or construction contracts, the cost of materials is excluded and not considered to be subcontracted. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the portion of the contract with the preponderance of the expenditure upon which the assigned NAICS is based. For information and more specific requirements, refer to 13 CFR 125.6.

(e) *Required limitations on subcontracting compliance measurement period.* An SDVOSB shall comply with the limitations on subcontracting as follows:

By the end of the base term of the contract or order, and then by the end of each subsequent option period; or

By the end of the performance period for each order issued under the contract.

(f) *Joint ventures.* A joint venture may be considered eligible as an SDVOSB if the joint venture complies with the requirements in 13 CFR 128.402 and the managing joint venture partner makes the representations under paragraph (c) of this clause. A joint venture agrees that, in the

performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the aggregate of the joint venture participants.

(g) *Precedence*. The VA Veterans First Contracting Program, as defined in VAAR 802.101, subpart 819.70, and this clause, takes precedence over any inconsistencies between the requirements of the SBA Veteran Small Business Certification Program and the VA Veterans First Contracting Program.

(h) *Misrepresentation*. Pursuant to 38 U.S.C. 8127(g), any business concern, including all its principals, that is determined by VA to have willfully and intentionally misrepresented a company's SDVOSB status is subject to debarment from contracting with the Department for a period of not less than five years (see VAAR 809.406–2 Causes for Debarment).

(End of Clause)

4.5 VAAR 852.219-75 VA NOTICE OF LIMITATIONS ON SUBCONTRACTING—CERTIFICATE OF COMPLIANCE FOR SERVICES AND CONSTRUCTION (JAN 2023) (DEVIATION)

(a) Pursuant to 38 U.S.C. 8127(l)(2), the offeror certifies that—

(1) If awarded a contract (see FAR 2.101 definition), it will comply with the limitations on subcontracting requirement as provided in the solicitation and the resultant contract, as follows:

(i) *Services*. In the case of a contract for services (except construction), the contractor will not pay more than 50% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219–73 or certified VOSBs listed in the SBA certification database as set forth in 852.219–74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 50% subcontract amount that cannot be exceeded. Other direct costs may be excluded to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service as set forth in 13 CFR 125.6.

(ii) *General construction*. In the case of a contract for general construction, the contractor will not pay more than 85% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219–73 or certified VOSBs listed in the SBA certification database as set forth in 852.219–74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 85% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(iii) *Special trade construction contractors*. In the case of a contract for special trade contractors, the contractor will not pay more than 75% of the amount paid by the government to it to firms that are not certified SDVOSBs listed in the SBA certification database as set forth in 852.219–73 or certified VOSBs listed in the SBA certification database as set forth in 852.219–74. Any work that a similarly situated certified SDVOSB/VOSB subcontractor further subcontracts will count towards the 75% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(2) The offeror acknowledges that this certification concerns a matter within the jurisdiction of an Agency of the United States. The offeror further acknowledges that this certification is subject to Title 18, United States Code, Section 1001, and, as such, a false, fictitious, or fraudulent certification may render the offeror subject to criminal, civil, or administrative penalties, including prosecution.

(3) If VA determines that an SDVOSB/ VOSB awarded a contract pursuant to 38 U.S.C. 8127 did not act in good faith, such SDVOSB/VOSB shall be subject to any or all of the following:

- (i) Referral to the VA Suspension and Debarment Committee;
- (ii) A fine under section 16(g)(1) of the Small Business Act (15 U.S.C. 645(g)(1)); and
- (iii) Prosecution for violating 18 U.S.C. 1001.

(b) The offeror represents and understands that by submission of its offer and award of a contract it may be required to provide copies of documents or records to VA that VA may review to determine whether the offeror complied with the limitations on subcontracting requirement specified in the contract. Contracting officers may, at their discretion, require the contractor to demonstrate its compliance with the limitations on subcontracting at any time during performance and upon completion of a contract if the information regarding such compliance is not already available to the contracting officer. Evidence of compliance includes, but is not limited to, invoices, copies of subcontracts, or a list of the value of tasks performed.

(c) The offeror further agrees to cooperate fully and make available any documents or records as may be required to enable VA to determine compliance with the limitations on subcontracting requirement. The offeror understands that failure to provide documents as requested by VA may result in remedial action as the Government deems appropriate.

(d) Offeror completed certification/fill-in required. The formal certification must be completed, signed and returned with the offeror's bid, quotation, or proposal. The Government will not consider offers for award from offerors that do not provide the certification, and all such responses will be deemed ineligible for evaluation and award.

Certification

I hereby certify that if awarded the contract, [insert name of offeror] will comply with the limitations on subcontracting specified in this clause and in the resultant contract. I further certify that I am authorized to execute this certification on behalf of [insert name of offeror].

4.6 VAAR 852.236-71 SPECIFICATIONS AND DRAWINGS FOR CONSTRUCTION (APR 2019)

The clause entitled “Specifications and Drawings for Construction” in FAR 52.236– 21 is supplemented as follows:

(a) The Contracting Officer’s interpretation of the drawings and specifications will be final, subject to the Disputes clause.

(b) The Contractor shall—

(1) Check all drawings and specifications furnished immediately upon receipt;

(2) Compare all drawings and the specifications, and verify the figures before laying out the work;

(3) Promptly notify the Contracting Officer of any discrepancies;

(4) Be responsible for any errors that might have been avoided by complying with this paragraph (b); and

(5) Reproduce and print contract drawings and specifications as needed.

(c) In general—

(1) Drawings of greater detail shall govern over drawings of lesser detail unless specifically noted otherwise; and

(2) Figures and numerical quantities noted on drawings govern over scale measurements.

(d) Omissions from the drawings or specifications or the misdescription of details of work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work. The Contractor shall perform such details as if fully and correctly set forth and described in the drawings and specifications.

(e) The work shall conform to the specifications and the contract drawings identified on the following index of drawings:
